Caution: DRAFT—NOT FOR FILING

This is an early release draft of an IRS tax form, instructions, or publication, which the IRS is providing for your information. **Do not file draft forms.** We incorporate all significant changes to forms posted with this coversheet.

However, unexpected issues occasionally arise, or legislation is passed—in this case, we will post a new draft of the form to alert users that changes were made to the previously posted draft. Thus, there are never any changes to the last posted draft of the form and the final revision of the form. Forms and instructions are subject to OMB approval before they can be officially released, so we post drafts of them until they are approved. Drafts of instructions and publications usually have some additional changes before their final release. Early release drafts are posted at IRS.gov/DraftForms and remain there after the final release is posted at IRS.gov/LatestForms. Also see IRS.gov/Forms.

The 2027 federal income tax withholding tables are provided as an Excel attachment to this PDF rather than incorporated into this early release draft of Publication 15-T. A second early release draft, which will include the tables within the publication, will be posted at a later date.

Most forms and publications have a page on IRS.gov: IRS.gov/Form1040 for Form 1040; IRS.gov/Pub501 for Pub. 501; IRS.gov/W4 for Form W-4; and IRS.gov/ScheduleA for Schedule A (Form 1040), for example, and similarly for other forms, publications, and schedules for Form 1040. When typing in a link, type it into the address bar of your browser, not a Search box on IRS.gov.

If you wish, you can submit comments to the IRS about draft or final forms, instructions, or publications at IRS.gov/FormsComments. Include "NTF" followed by the form or publication number (for example, "NTF1040", "NTFW4", "NTF501", etc.) in the body of the message to route your message properly. We cannot respond to all comments due to the high volume we receive and may not be able to consider many suggestions until the subsequent revision of the product, but we will review each "NTF" message.

If you have comments on reducing paperwork and respondent (filer) burden, with respect to draft or final forms, please respond to the relevant information collection through the Federal Register process; for more information, click here.

Reminders

Withholding on qualified tips. For tax years beginning after 2024 and ending before 2029, P.L. 119-21 allows employees and self-employed individuals to deduct up to $25,000 of qualified tips received in occupations that customarily and regularly received tips on or before December 31, 2024, on their income tax returns. Qualified tips are cash tips, which include voluntary cash or charged tips received from customers or, in the case of employees, through tip-sharing arrangements. Mandatory service charges added to the bill are not qualified tips. Employers must use an employee's updated Form W-4, Employee's Withholding Certificate, if one is submitted by the employee, and the federal income tax withholding procedures in this publication to allow the employee to account for their expected deduction and receive more money in each paycheck instead of waiting until filing their income tax return to receive the full benefit of this deduction. Tips are still generally subject to both the employer share and employee share of social security tax and Medicare tax if the tips received are $20 or more per month.

Publication 15-T (2027) Catalog Number 32112B
Nov 9, 2026 Department of the Treasury **Internal Revenue Service** www.irs.gov

Employers and other payers must file information returns (for example, Forms W-2, 1099-MISC, and 1099-NEC) with the Social Security Administration (SSA) or IRS, as applicable, and furnish statements to tip recipients showing cash tips received and the Treasury Tipped Occupation Code(s) of the tip recipient.

Withholding on qualified overtime compensation. For tax years beginning after 2024 and ending before 2029, P.L. 119-21 allows individuals (employees and other workers not treated as employees) to deduct up to $12,500 ($25,000 if married filing jointly) of qualified overtime compensation on their income tax returns. Qualified overtime is compensation that exceeds the regular rate of pay (such as the "half" portion of time-and-a-half compensation) that is required to be paid to an individual under section 7 of the Fair Labor Standards Act (FLSA) of 1938. The FLSA provides that employers must generally pay covered, nonexempt employees at least one-and-a-half times their regular rate of pay for hours worked over 40 hours per week. However, there are exemptions. For example, agricultural employees, as defined by the FLSA, are generally exempt from the overtime requirements of the FLSA. Therefore, farmworkers usually don't qualify for the deduction for qualified overtime compensation, even when the employer chooses to pay overtime compensation. For more information about overtime compensation, go to *dol.gov/agencies/whd/overtime*. For more information about agricultural employment under the FLSA, go to *dol.gov/agencies/whd/fact-sheets/12-agricultural-employment-flsa*. Go to *IRS.gov/OTfaqs* for frequently asked questions about the deduction for qualified overtime compensation.

Employers must use an employee's updated Form W-4, if one is submitted by the employee, and the federal income tax withholding procedures in this publication to allow the employee to account for their expected deduction and receive more money in each paycheck instead of waiting until filing their income tax return to receive the full benefit of this deduction. Overtime compensation is still generally subject to both the employer share and employee share of social security tax and Medicare tax.

Employers and other payers must file information returns (for example, Forms W-2, 1099-MISC, and 1099-NEC) with the SSA or IRS, as applicable, and furnish statements to overtime recipients showing qualified overtime compensation paid during the year.

IRS Tax Withholding Estimator. Employees and payees may use the IRS Tax Withholding Estimator, available at *IRS.gov/W4App*, when completing their Form W-4 or their Form W-4P.

Form W-4P and Form W-4R. Form W-4P was redesigned for 2022. Form W-4P is now used only to make withholding elections for periodic pension or annuity payments. Previously, Form W-4P was also used to make withholding elections for nonperiodic payments and eligible rollover distributions. Withholding elections for nonperiodic payments and eligible rollover distributions are now made on Form W-4R, Withholding Certificate for Nonperiodic Payments and Eligible Rollover Distributions.

Section 1 of this publication includes Worksheet 1B for payers to figure withholding on periodic payments of pensions and annuities based on a 2022 or later Form W-4P or a 2021 and earlier Form W-4P. Worksheet 1B is used with the STANDARD Withholding Rate Schedules in the 2027 Percentage Method Tables for Automated Payroll Systems and Withholding on Periodic Payments of Pensions and Annuities that are included in section 1. If a payer is figuring withholding on periodic payments based on a 2021 or earlier Form W-4P, the payer may also figure withholding using the methods described in section 3 and section 5. For more information about Form W-4P, see *Form W-4P*, later. Also see *How To Treat 2021 and Earlier Forms W-4P as if They Were 2022 or Later Forms W-4P*, later, for an optional computational bridge.

For more information about Form W-4R, see section 8 of Pub. 15-A, Employer's Supplemental Tax Guide.

Computational bridge for Form W-4. Employers may use an optional computational bridge to treat 2019 and earlier Forms W-4 as if they were 2020 or later Forms W-4 for purposes of figuring federal income tax withholding. See *How To Treat 2019 and Earlier Forms W-4 as if They Were 2020 or Later Forms W-4*, later, for more information.

Electronic submission of Forms W-4 and W-4P. You may set up a system to electronically receive Form W-4 or Form W-4P from an employee or payee.

For each form that you establish an electronic submission system for, you must meet each of the following five requirements.

1. The electronic system must ensure that the information received by you is the information sent by the employee or payee. The system must document all occasions of user access that result in a submission. In addition, the design and operation of the electronic system, including access procedures, must make it reasonably certain that the person accessing the system and submitting the form is the person identified on the form.
2. The electronic system must provide exactly the same information as the paper form.
3. The electronic submission must be signed with an e-signature by the employee or payee whose name is on the form. The e-signature must be the final entry in the submission.
4. Upon request, you must furnish a hard copy of any completed electronic form to the IRS and a statement that, to the best of your knowledge, the electronic form was submitted by the named employee or payee. The hard copy of the electronic form must provide exactly the same information as, but need not be a facsimile of, the paper form. For Form W-4, the signature must be under penalty of perjury and must contain the same language that appears on the paper version of the form. The electronic system must inform the employee that they must make a declaration contained in the perjury statement and that the declaration is made by signing the Form W-4.
5. You must also meet all recordkeeping requirements that apply to the paper forms.

Introduction

This publication supplements Pub. 15, Employer's Tax Guide. It describes how to figure withholding using the Wage Bracket Method or Percentage Method, describes the alternative methods for figuring withholding, and provides the Tables for Withholding on Distributions of Indian Gaming Profits to Tribal Members.

Although this publication may be used in certain situations to figure federal income tax withholding on supplemental wages, the methods of withholding described in this publication can't be used if the 37% mandatory flat rate withholding applies or if the 22% optional flat rate withholding is used to figure federal income tax withholding. For more information about withholding on supplemental wages, see section 7 of Pub. 15.

Although this publication is used to figure federal income tax withholding on periodic payments of pensions and annuities, the methods of withholding described in this publication can't be used to figure withholding on nonperiodic payments or withholding on eligible rollover distributions. Periodic payments are those made in installments at regular intervals over a period of more than 1 year. They may be paid annually, quarterly, monthly, etc. For more information about withholding on pensions and annuities, see section 8 of Pub. 15-A.

Form W-4

Beginning with the 2020 Form W-4, employees can no longer request withholding adjustments using withholding allowances. Instead, using the new Form W-4, employees provide employers with amounts to increase or decrease the amount of taxes withheld and amounts to increase or decrease the amount of wage income subject to income tax withholding.

Form W-4 contains 5 steps. Every Form W-4 employers receive from an employee in 2020 or later should show a completed Step 1 (name, address, social security number (SSN), and filing status) and a dated signature in Step 5. Employees complete Steps 2, 3, and/or 4 only if relevant to their personal situations. Steps 2, 3, and 4 show adjustments that affect withholding calculations.

For employees who don't complete any steps other than Step 1 and Step 5, employers withhold the amount based on the filing status, wage amounts, and payroll period. But see *Exemption from withholding*, later.

For employees completing one or more of Steps 2, 3, and/or 4 on Form W-4, adjustments are as follows.

Step 2. If the employee checks the box in Step 2, the employer figures withholding from the "Form W-4, Step 2, Checkbox" column in the Percentage Method or Wage Bracket Method tables. This results in higher withholding for the employee. If the employee chooses one of the other options from this step, the higher withholding is included with any other additional tax amounts **per pay period** in Step 4(c).

Tip: Consider advising employees to use the IRS Tax Withholding Estimator, available at *IRS.gov/W4App*, when completing Form W-4 if they expect to work only part of the year; receive dividends, capital gains, social security, bonuses, or business income; are subject to the Additional Medicare Tax or Net Investment Income Tax; or

DRAFT
DRAFT

they prefer the most accurate withholding for multiple job situations.

Step 3. Employers use the amount on this line as an **annual** reduction in the amount of withholding. Employers should use the amount that the employee entered as the total in Step 3 of Form W-4 even if it is not equal to the sum of any amounts entered on the left in Step 3 because the total may include other tax credits. If the Step 3 total is blank, but there are amounts entered in Step 3(a) or 3(b), the employer may ask the employee if leaving the line blank was intentional.

Steps 4(a) and 4(b). Employers increase the annual amount of wages subject to income tax withholding by the **annual** amount shown in Step 4(a) and reduce the annual amount of wages subject to income tax withholding by the **annual** amount shown in Step 4(b).

Step 4(c). Employers will increase withholding by the **per pay period** tax amount in Step 4(c).

Tip: At the beginning of each year, consider reminding employees to submit a new Form W-4 if they made a mid-year change to their Form W-4 based on their use of the IRS Tax Withholding Estimator available at *IRS.gov/W4App*. Employees who made a mid-year change may be underwithheld or overwithheld once their Form W-4 is applied to the next full calendar year.

New employee fails to furnish Form W-4. A new employee who fails to furnish a Form W-4 will be treated as if they had checked the box for "Single or Married filing separately" in Step 1(c) and made no entries in Step 2, Step 3, or Step 4 of Form W-4. However, an employee who was paid wages before 2020 and who failed to furnish a Form W-4 should continue to be treated as single and claiming zero allowances on a 2019 or earlier Form W-4.

Exemption from withholding. Employees who check the box for exemption from federal income tax withholding below Step 4(c) shall have no federal income tax withheld from their paychecks except in the case of certain supplemental wages. Generally, an employee may claim exemption from federal income tax withholding because they had no federal income tax liability last year and expect none this year. See the Form W-4 instructions for more information.

Substitute Submissions of Form W-4

General requirements for any system set up to electronically receive a Form W-4 or Form W-4P are discussed earlier under *Electronic submission of Forms W-4 and W-4P*. This section provides specific requirements for substitute submissions of Form W-4.

Electronic Substitute to Form W-4

Employers aren't required to set up a system to electronically receive Form W-4 from an employee. If set up, however, the electronic system must meet all the requirements and guidelines set forth in regulations and specified by the IRS in forms, publications, and other guidance. The allowance of an electronic substitute for Form W-4 doesn't permit employers to simplify or modify Form W-4. In particular, electronic Form W-4 systems set up as a substitute to paper Forms W-4 must exactly replicate the text and instructions from the face of the paper Form W-4 beginning with Step 1(c) through Step 4(c) (inclusive), and the "Exempt from withholding" section below Step 4(c), and must allow an employee access to and use of all parts of the calculation shown on the paper Form W-4 and its worksheets.

No pop-ups or hoverboxes within those steps are permitted for displaying such required information, and if the electronic system has toggles for those steps that limit the amount of text that is viewable, the toggles must be off as the default. If the electronic system places steps on different pages, users must be required to go to each page before they may electronically sign the form. The electronic system must also include a hyperlink to Form W-4 on IRS.gov and/or include the pages 2–5 instructions and worksheets in their entirety in the electronic system interface itself (inclusion of only some of this information requires a link to the form).

Field required for claiming "Exempt." The electronic Form W-4 system must provide a checkbox for employees who are eligible and want to claim an exemption from withholding to certify that they are exempt immediately below or after Step 4(c) to allow users to elect no withholding from their payments. The electronic checkbox must include the text used on Form W-4 but also stipulate both conditions that must be met for exemption or link directly to the conditions on page 2 of Form W-4.

Field required for nonresident alien status. You must provide a field for nonresident aliens to enter nonresident alien status.

Step 3 of 2027 Form W-4. To allow an employee access to and use of all parts of the calculation shown on the paper Form W-4, an electronic Form W-4 system can't restrict Step 3 to dollar increments based on the number of qualifying children or dependents the employee may claim for purposes of the child tax credit or credit for other dependents. The 2027 Instructions for Form W-4 indicate that an employee can include other tax credits for which they are eligible in Step 3 by adding an estimate of the credit amount for the year to the credits for dependents and entering the total amount. An employee should be allowed to include an estimate of tax credits other than the child tax credit or credit for other dependents when entering an amount in an electronic Form W-4 system for Step 3.

References to page numbers. Substitutes to the paper form need not replicate references on the face of the form to "page 2," "page 3," or "page 4" of the Form W-4 when those references are not applicable.

References to pages 2, 3, and 4, when not applicable to the substitute form, should be replaced by appropriate

DRAFT
DRAFT

references. For example, an electronic substitute form that links directly to the deductions worksheet should not reference "page 4" but should provide a link to the deductions worksheet.

Requiring an SSN and other personal information already stored in the employer's electronic system. An employer need not require an employee to resubmit an SSN or other personal information when completing an electronic Form W-4 as long as:

- The SSN and other personal information are stored in the employer's electronic system and the action being taken by the employee in the system is directly or indirectly linked to the electronically stored personal information; and
- The source of the SSN and other personal information stored in the employer's electronic system is a prior submission of a complete Form W-4 or the U.S. Citizenship and Immigration Services (USCIS) Form I-9, Employment Eligibility Verification, that is signed by the employee under penalty of perjury.

The employer's electronic Form W-4 system must continue to ensure that the information received by the employer is the information sent by the employee and that the person accessing the system and furnishing the Form W-4 is the employee identified on the form. See *Electronic submission of Forms W-4 and W-4P*, earlier. If an SSN or other personal information is separately used by the electronic Form W-4 system to verify the identity of the employee, the employee will need to resubmit the information for that purpose.

Implementation of new guidelines. Employers aren't required to set up a system to electronically receive Form W-4 from an employee. If set up, however, the electronic system must meet all the requirements and guidelines set forth in regulations and specified by the IRS in forms, publications, and other guidance. When a guideline concerning what an electronic Form W-4 system must provide the employee is specified without an effective date, it is effective immediately and an employer must implement it in a reasonable amount of time. In most cases, a reasonable amount of time won't extend beyond 90 days.

Paper Substitute to Form W-4

In lieu of the prescribed form, an employer may prepare and provide to employees a substitute paper form the provisions of which are identical to those of the prescribed form, including the exact same wording from Steps 1(c)–4(c) (inclusive) and the "Exempt from withholding" section below Step 4(c), but only if the employer also:

- Provides employees with all the tables, instructions, and worksheets set forth in the Form W-4 in effect at that time; and
- Complies with all revenue procedures and other guidance prescribed by the Commissioner relating to substitute forms in effect at that time.

Guidelines that apply to electronic substitutes for Form W-4 don't necessarily apply to a paper substitute Form W-4. For example, a paper substitute Form W-4 must include the form's instructions and worksheets rather than providing a web address where the payee can find them on IRS.gov.

Employers are prohibited from accepting a substitute form developed by an employee, and an employee furnishing such form must be treated as failing to furnish a Form W-4.

How To Treat 2019 and Earlier Forms W-4 as if They Were 2020 or Later Forms W-4

Employers may use an optional computational bridge to treat 2019 and earlier Forms W-4 as if they were 2020 or later Forms W-4 for purposes of figuring federal income tax withholding. This computational bridge allows you to use computational procedures and data fields for a 2020 and later Form W-4 to arrive at the equivalent withholding for an employee that would have applied using the computational procedures and data fields on a 2019 or earlier Form W-4. You must make up to four adjustments to use this computational bridge.

1. Select the filing status in Step 1(c) of a 2020 or later Form W-4 that most accurately reflects the employee's marital status on line 3 of a 2019 or earlier Form W-4. Treat the employee as "Single or Married filing separately" on a 2020 or later Form W-4 if the employee selected either "Single" or "Married, but withhold at higher Single rate" as their marital status on their 2019 or earlier Form W-4. Treat the employee as "Married filing jointly" on a 2020 or later Form W-4 if the employee selected "Married" as their marital status on their 2019 or earlier Form W-4. You can't convert an employee to a filing status of "Head of household" using this computational bridge.
2. Enter an amount in Step 4(a) on a 2020 or later Form W-4 based on the filing status that you determined in (1) above when you converted the employee's marital status on a 2019 or earlier Form W-4. Enter $8,600 if the employee's filing status is "Single or Married filing separately" or $12,900 if the employee's filing status is "Married filing jointly."
3. Multiply the number of allowances claimed on line 5 of an employee's 2019 or earlier Form W-4 by $4,300 and enter the result in Step 4(b) on a 2020 or later Form W-4.
4. Enter the additional amount of withholding requested by the employee on line 6 of their 2019 or earlier Form W-4 in Step 4(c) of a 2020 or later Form W-4.

Caution: This computational bridge applies only for Forms W-4 that were in effect on or before December 31, 2019, and that continue in effect because an employee didn't submit a 2020 or later Form W-4. If an employee is required, or chooses, to submit a new Form W-4, it

DRAFT
DRAFT

doesn't change the requirement that the employee must use the current year's revision of Form W-4. When you put a new Form W-4 into effect from an employee, you must stop using this computational bridge for the applicable year of the new Form W-4. An employer using the computational bridge for a Form W-4 furnished by an employee must retain the Form W-4 for its records.

Lock-in letters. The IRS may have notified you in writing that the employee must use a specific marital status and is limited to a specific number of allowances in a letter (commonly referred to as a "lock-in letter") applicable before 2020. For more information about lock-in letters, see section 9 of Pub. 15. For lock-in letters based on 2019 or earlier Forms W-4, you may use this optional computational bridge to comply with the requirement to withhold based on the maximum withholding allowances and filing status permitted in the lock-in letter.

Nonresident alien employees. You may use this computational bridge to convert a nonresident alien employee's 2019 or earlier Form W-4 to a 2020 or later Form W-4. However, for the second adjustment of the computational bridge, always enter $4,300 in Step 4(a) on a 2020 or later Form W-4. If you convert a nonresident alien employee's 2019 or earlier Form W-4 to a 2020 or later Form W-4, use Table 2 when adding an amount to their wages for figuring federal income tax withholding. See *Withholding Adjustment for Nonresident Alien Employees*, later, for more information.

For more information, see Treasury Decision 9924, 2020-44 I.R.B. 943, available at *IRS.gov/irb/2020-44_IRB#TD-9924*.

Withholding Adjustment for Nonresident Alien Employees

Instruct nonresident aliens to see Notice 1392, Supplemental Form W-4 Instructions for Nonresident Aliens, before completing Form W-4.

Apply the procedure discussed next to figure the amount of federal income tax to withhold from the wages of nonresident alien employees performing services within the United States.

This procedure only applies to nonresident alien employees who have wages subject to income tax withholding.

Caution: Nonresident alien students from India and business apprentices from India aren't subject to this procedure.

Instructions. To figure how much federal income tax to withhold from the wages paid to a nonresident alien employee performing services in the United States, use the following steps.

Step 1. Determine if the nonresident alien employee has submitted a Form W-4 for 2020 or later or an earlier Form W-4. Then add to the wages paid to the nonresident alien employee for the payroll period the amount for the applicable type of Form W-4 and payroll period.

If the nonresident alien employee was first paid wages before 2020 and **has not** submitted a Form W-4 for 2020 or later, add the amount shown in Table 1 to their wages for calculating federal income tax withholding.

Table 1

Payroll period	Add additional
Weekly	$236.50
Biweekly	473.10
Semimonthly	512.50
Monthly	1,025.00
Quarterly	3,075.00
Semiannually	6,150.00
Annually	12,300.00
Daily or Miscellaneous (each day of the payroll period)	47.30

If the nonresident alien employee has submitted a Form W-4 for **2020 or later** or was first paid wages in 2020 or later, add the amount shown in Table 2 to their wages for calculating federal income tax withholding.

Table 2

Payroll period	Add additional
Weekly	$319.20
Biweekly	638.50
Semimonthly	691.70
Monthly	1,383.30
Quarterly	4,150.00
Semiannually	8,300.00
Annually	16,600.00
Daily or Miscellaneous (each day of the payroll period)	63.80

Step 2. Enter the amount figured in *Step 1*, earlier, as the total taxable wages on line 1a of the withholding worksheet that you use to figure federal income tax withholding.

The amounts from Tables 1 and 2 are added to wages solely for calculating income tax withholding on the wages of the nonresident alien employee. The amounts from the tables shouldn't be included in any box on the employee's Form W-2 and don't increase the income tax liability of the employee. Also, the amounts from the tables don't increase the social security tax or Medicare tax liability of the employer or the employee, or the FUTA tax liability of the employer.

Example. An employer pays wages of $300 for a weekly payroll period to a married nonresident alien employee. The nonresident alien has a properly completed 2019 Form W-4 on file with the employer that shows marital status as "Single" with one withholding allowance and indicated status as a nonresident alien on Form W-4, line 6 (see *Nonresident alien employee's Form W-4* in section 9 of Pub. 15 for details on how a 2027 Form W-4 must be completed). The employer determines the wages to be used in the withholding tables by adding to the $300 amount of wages paid the amount of $236.50

DRAFT
DRAFT

from Table 1 under *Step 1* ($536.50 total). The employer has a manual payroll system and prefers to use the Wage Bracket Method tables to figure withholding. The employer will use Worksheet 3 and the withholding tables in section 3 to determine the income tax withholding for the nonresident alien employee. In this example, the employer would withhold $31 in federal income tax from the weekly wages of the nonresident alien employee.

The $236.50 added to wages for calculating income tax withholding isn't reported on Form W-2 and doesn't increase the income tax liability of the employee. Also, the $236.50 added to wages doesn't affect the social security tax or Medicare tax liability of the employer or the employee, or the FUTA tax liability of the employer.

Supplemental wage payment. This procedure for determining the amount of federal income tax withholding for nonresident alien employees doesn't apply to a supplemental wage payment (see section 7 of Pub. 15) if the 37% mandatory flat rate withholding applies or if the 22% optional flat rate withholding is being used to figure income tax withholding on the supplemental wage payment.

Form W-4P

Payees use Form W-4P to have payers withhold the correct amount of federal income tax from periodic pension, annuity (including commercial annuities), profit-sharing and stock bonus plan, or IRA payments.

Using a 2022 or later Form W-4P. Payees provide payers with amounts to increase or decrease the amount of taxes withheld and amounts to increase or decrease the amount of pension/annuity payments subject to income tax withholding. Form W-4P contains 5 steps. Every Form W-4P payers receive from a payee in 2022 or later should show a completed Step 1 (name, address, SSN, and filing status) and a dated signature in Step 5. Payees complete Steps 2, 3, and/or 4 only if relevant to their personal situations. Steps 2, 3, and 4 show adjustments that affect withholding calculations.

For payees completing one or more of Steps 2, 3, and/or 4 on a 2022 or later Form W-4P, adjustments are as follows.

Step 2. If the payee completes Step 2, the payer will use the amount in Step 2(b)(iii) from a 2022 or later Form W-4P in Worksheet 1B to figure income tax withholding.

Tip: Consider advising payees to use the IRS Tax Withholding Estimator, available at *IRS.gov/W4App*, when completing Form W-4P if they are submitting Form W-4P after the beginning of the year; have social security, dividend, capital gain, or business income; receive these payments or pension and annuity payments for only part of the year; are subject to the Additional Medicare Tax or Net Investment Income Tax; or have changes during the year to their marital status, number of pensions/jobs (including their spouse if married filing jointly), or number of dependents.

Step 3. Payers use the amount on this line as an annual reduction in the amount of withholding. Payers should use the amount the payee entered as the total in Step 3 of Form W-4P even if it is not equal to the sum of any amounts entered on the left in Step 3 because the total may include other tax credits. If the Step 3 total is blank, but there are amounts entered in Step 3(a), 3(b), or 3(c), the payer may ask the payee if leaving the line blank was intentional.

Steps 4(a) and 4(b). Payers increase the annual amount of pension/annuity payments subject to income tax withholding by the **annual** amount shown in Step 4(a) and reduce the annual amount of pension/annuity payments subject to income tax withholding by the **annual** amount shown in Step 4(b).

Step 4(c). Payers will increase withholding on **each payment** by the tax amount in Step 4(c).

Payee fails to furnish Form W-4P or provides an incorrect SSN on Form W-4P. In the case of a payer using a 2022 or later Form W-4P, a payee who received the first periodic pension or annuity payment after 2021 but who fails to furnish a 2022 or later Form W-4P or fails to provide a correct SSN on a 2022 or later Form W-4P will be treated as if they had checked the box for "Single" in Step 1 and had no entries in Step 2, Step 3, and Step 4 of a 2022 or later Form W-4P. In the case of a payer that used the 2021 Form W-4P for 2022 and hasn't received a 2022 or later Form W-4P, a payee who received the first periodic pension or annuity payment in 2022 but who failed to furnish such a 2021 Form W-4P will continue to be treated as if they had no entries on lines 1 and 3 and completed line 2 indicating a status of Married, and claiming 3 allowances. In the case of a payer that used the 2021 Form W-4P and hasn't received a 2022 or later Form W-4P, a payee who received the first periodic pension or annuity payment in 2022 but who failed to provide a correct SSN on the 2021 Form W-4P will continue to be treated as if they had no entries on lines 1 and 3 and had completed line 2 indicating a status of Single, and claiming zero allowances. If a payee received their first periodic pension or annuity payment before 2022 and had failed to furnish a Form W-4P when those payments began, you must continue to withhold on those periodic payments as if the recipient were married claiming three withholding allowances on a Form W-4P for 2021 or earlier, unless the payee furnishes a Form W-4P requesting a change in withholding. If a payee is treated as married claiming three withholding allowances on a 2021 or earlier Form W-4P, tax will be withheld on a payment that is at least $2,775 per month.

Choosing not to have income tax withheld. A payee who checks the box for "No withholding" on a 2027 or later Form W-4P below Step 4(c) shall have no federal income tax withheld from their periodic pension or annuity payments. On a 2022 through 2025 Form W-4P, the payee would have made this election by writing "No Withholding" below Step 4(c). In the case of a payer that used the 2021 Form W-4P for 2022, a payee who checked the box

on line 1 of the 2021 Form W-4P shall have no federal income tax withheld from their periodic pension or annuity payments. Regardless of the Form W-4P used, generally a payee who is a U.S. citizen or a resident alien isn't permitted to elect no withholding on payments that are to be delivered outside of the United States or its territories.

Withholding on periodic pension and annuity payments to nonresident aliens and foreign estates. Withholding methods on periodic pension and annuity payments discussed in this publication don't apply to nonresident aliens and foreign estates. See Pub. 515, Withholding of Tax on Nonresident Aliens and Foreign Entities, for more information.

Substitute Submissions of Form W-4P

General requirements for any system set up to electronically receive a Form W-4 or Form W-4P are discussed earlier under *Electronic submission of Forms W-4 and W-4P*. This section provides specific requirements for substitute submissions of Form W-4P. For payers using electronic or paper substitutes for Form W-4P, substitute forms for the 2027 Form W-4P incorporating all changes made to the 2027 Form W-4P and complying with the guidelines provided here must be in use by the later of January 1, 2027, or 30 days after the IRS releases the final version of the 2027 Form W-4P.

Electronic Substitute to Form W-4P

Electronic systems set up as a substitute to paper 2022 or later Forms W-4P must exactly replicate the text and instructions from the face of the paper Form W-4P beginning with Step 1(c) through Step 4(c) (inclusive) and the "No withholding" section below Step 4(c). No pop-ups or hoverboxes within those steps are permitted, and if the electronic system has toggles for those steps that limit the amount of text that is viewable, the toggles must be off as the default. If the electronic system places steps on different pages, users must be required to go to each page before they may electronically sign the form. References to pages 2, 3, and 4, when not applicable to the substitute form, should be replaced by appropriate references. For example, an electronic substitute form that links directly to the deductions worksheet shouldn't reference "page 4" but should provide a link to the deductions worksheet. The electronic system must also include a hyperlink to Form W-4P on IRS.gov or include the instructions and worksheet in their entirety in the electronic system interface itself (inclusion of only some of this information requires a link to the form). Finally, the electronic system must provide a checkbox immediately below or after Step 4(c) to allow users to elect no withholding from their payments.

Requiring an SSN and other personal information already stored in the payer's electronic system. If you electronically store payee personal information, including name, address, and SSN, and accept withholding elections through an account specifically tied to the payee, you need not require the payee to submit this personal information again when completing an electronic substitute, as long as the account where the election is being made is directly or indirectly linked to the electronically stored personal information.

Telephonic submissions of Form W-4P. Payers may provide for telephonic submissions of Form W-4P. You must use a script that includes all portions of the first page of the paper Form W-4P from Steps 1(c)–4(c), including the step titles and text between Steps 1 and 2, with the following exceptions.

- On Step 2, the script can stop right before "See page 2 for examples on how to complete Step 2" if, when asked, the payee indicates the step doesn't apply.
- On Step 3, the script can stop right before "If your total income will be $200,000 or less..." if, when asked, the payee indicates the step doesn't apply.
- Where the language on the first page of Form W-4P refers payees to later pages of the form, such as for more information on how to elect to have no federal income tax withheld, the telephonic script should refer the payee to *IRS.gov/FormW4P* in addition to the referenced page numbers.

Paper Substitute to Form W-4P

When providing paper substitute forms for Form W-4P, you should generally follow the same guidelines that apply to electronic substitutes to Form W-4P, except where those guidelines apply only in the context of electronic substitutes (for example, instructions concerning pop-ups and hoverboxes). Paper substitute forms must include the instructions and worksheets for Form W-4P rather than providing a web address to the instructions on IRS.gov.

How To Treat 2021 and Earlier Forms W-4P as if They Were 2022 or Later Forms W-4P

Payers may use an optional computational bridge to treat 2021 and earlier Forms W-4P as if they were 2022 or later Forms W-4P for purposes of figuring federal income tax withholding. This computational bridge can reduce system complexity by allowing payers to permanently use computational procedures and data fields for a 2022 and later Form W-4P to arrive at the equivalent withholding for a payee that would have applied using the computational procedures and data fields on a 2021 or earlier Form W-4P. You must make up to four adjustments to use this computational bridge, but it will simplify data storage and eliminate some steps in Worksheet 1B.

1. Select the filing status in Step 1(c) of a 2022 or later Form W-4P that most accurately reflects the payee's marital status on line 2 of a 2021 or earlier Form W-4P. Treat the payee as "Single or Married filing separately" on a 2022 or later Form W-4P if the payee selected either "Single" or "Married, but withhold at higher Single rate" as their marital status on their 2021

DRAFT
DRAFT

or earlier Form W-4P. Treat the payee as "Married filing jointly" on a 2022 or later Form W-4P if the payee selected "Married" as their marital status on their 2021 or earlier Form W-4P. You can't convert a payee to a filing status of "Head of household" using this computational bridge.

2. Enter an amount in Step 4(a) on a 2022 or later Form W-4P based on the filing status that you determined in (1) above when you converted the payee's marital status on a 2021 or earlier Form W-4P. Enter $8,600 if the payee's filing status is "Single or Married filing separately" or $12,900 if the payee's filing status is "Married filing jointly."
3. Multiply the number of allowances claimed on line 2 of a payee's 2021 or earlier Form W-4P by $4,300 and enter the result in Step 4(b) on a 2022 or later Form W-4P.
4. Enter the additional amount of withholding requested by the payee on line 3 of their 2021 or earlier Form W-4P in Step 4(c) of a 2022 or later Form W-4P.

If you use this computational bridge, you will skip Steps 1(j)–(l) and any other instructions on Worksheet 1B that reference a 2021 or earlier Form W-4P.

Caution: This computational bridge applies only to Forms W-4P (including default elections) that were in effect on or before December 31, 2021, and that continue in effect because a payee didn't submit a 2022 or later Form W-4P. If a payee chooses to submit a new Form W-4P, it doesn't change the general requirement that the payee must use the current year's revision of Form W-4P. When you put a new Form W-4P into effect from a payee, you must stop using this computational bridge for the applicable year of the new Form W-4P. If a payer was unable to put the 2022 Form W-4P in place during 2022, the computational bridge can also be applied to 2021 Forms W-4P submitted in 2022.

Rounding

To figure the income tax to withhold, you may reduce the last digit of the wages to zero, or figure the wages to the nearest dollar. You may also round the tax for the pay period to the nearest dollar. If rounding is used, it must be used consistently. Withheld tax amounts should be rounded to the nearest whole dollar by dropping amounts under 50 cents and increasing amounts from 50 to 99 cents to the next dollar. For example, $2.30 becomes $2 and $2.50 becomes $3.

1. Percentage Method Tables for Automated Payroll Systems and Withholding on Periodic Payments of Pensions and Annuities

If you're an employer with an automated payroll system, use Worksheet 1A and the Percentage Method tables in this section to figure federal income tax withholding. This method works for Forms W-4 for all prior, current, and future years. This method also works for any amount of wages. If the Form W-4 is from 2019 or earlier, this method works for any number of withholding allowances claimed.

If you're a payer making periodic payments of pensions and annuities, use Worksheet 1B and the Percentage Method tables in this section to figure federal income tax withholding. This method works for Forms W-4P for all prior, current, and future years. If a payer is figuring withholding on periodic payments based on a 2021 or earlier Form W-4P, the payer may also figure withholding using the methods described in section 3 and section 5.

Worksheet 1A. Employer's Withholding Worksheet for Percentage Method Tables for Automated Payroll Systems

Keep for Your Records

Table 3	Semiannually	Quarterly	Monthly	Semimonthly	Biweekly	Weekly	Daily
	2	4	12	24	26	52	260

Step 1. Adjust the employee's payment amount

1a	Enter the employee's total taxable wages this payroll period	1a	$
1b	Enter the number of pay periods you have per year (see Table 3)	1b	
1c	Multiply the amount on line 1a by the number on line 1b	1c	$

If the employee **HAS** submitted a Form W-4 for 2020 or later, figure the Adjusted Annual Wage Amount as follows.

1d	Enter the amount from Step 4(a) of the employee's Form W-4	1d	$
1e	Add lines 1c and 1d	1e	$
1f	Enter the amount from Step 4(b) of the employee's Form W-4	1f	$
1g	If the box in Step 2 of Form W-4 is checked, enter -0-. If the box is not checked, enter $12,900 if the taxpayer is married filing jointly or $8,600 otherwise	1g	$
1h	Add lines 1f and 1g	1h	$
1i	Subtract line 1h from line 1e. If zero or less, enter -0-. This is the **Adjusted Annual Wage Amount**	1i	$

If the employee **HAS NOT** submitted a Form W-4 for 2020 or later, figure the Adjusted Annual Wage Amount as follows.

1j	Enter the number of allowances claimed on the employee's most recent Form W-4	1j	
1k	Multiply line 1j by $4,300	1k	$
1l	Subtract line 1k from line 1c. If zero or less, enter -0-. This is the **Adjusted Annual Wage Amount**	1l	$

Step 2. Figure the Tentative Withholding Amount

based on the employee's Adjusted Annual Wage Amount; filing status (Step 1(c) of the 2020 or later Form W-4) or marital status (line 3 of Form W-4 from 2019 or earlier); and whether the box in Step 2 of 2020 or later Form W-4 is checked.

Note: Don't use the Head of Household table if the Form W-4 is from 2019 or earlier.

2a	Enter the employee's **Adjusted Annual Wage Amount** from line 1i or 1l above	2a	$
2b	Find the row in the appropriate **Annual** Percentage Method table in which the amount on line 2a is at least the amount in column A but less than the amount in column B, then enter here the amount from column A of that row	2b	$
2c	Enter the amount from column C of that row	2c	$
2d	Enter the percentage from column D of that row	2d	%
2e	Subtract line 2b from line 2a	2e	$
2f	Multiply the amount on line 2e by the percentage on line 2d	2f	$
2g	Add lines 2c and 2f	2g	$
2h	Divide the amount on line 2g by the number of pay periods on line 1b. This is the **Tentative Withholding Amount**	2h	$

Step 3. Account for tax credits

3a	If the employee's Form W-4 is from 2020 or later, enter the amount from Step 3 of that form; otherwise, enter -0-	3a	$
3b	Divide the amount on line 3a by the number of pay periods on line 1b	3b	$
3c	Subtract line 3b from line 2h. If zero or less, enter -0-	3c	$

Step 4. Figure the final amount to withhold

4a	Enter the additional amount to withhold from the employee's Form W-4 (Step 4(c) of the 2020 or later form, or line 6 on earlier forms)	4a	$
4b	Add lines 3c and 4a. **This is the amount to withhold from the employee's wages this pay period**	4b	$

Keep for Your Records

Table 4

Monthly	Semimonthly	Biweekly	Weekly	Daily
12	24	26	52	260

Step 1. Adjust the payee's payment amount

1a Enter the payee's total payment this period . . . . . 1a $

1b Enter the number of payment periods you have per year (see Table 4) 1b

1c Multiply line 1a by the number on line 1b . . . . . 1c $

If the payee **HAS** submitted a Form W-4P for 2022 or later, figure the Adjusted Annual Payment Amount as follows.

1d Enter the amount from Step 4(a) of the payee's Form W-4P . . . . . 1d $

1e Add lines 1c and 1d . . . . . 1e $

1f Enter the amount from Step 4(b) of the payee's Form W-4P . . . . . 1f $

1g Enter $12,900 if the taxpayer is married filing jointly or $8,600 otherwise . . . . . 1g $

1h Add lines 1f and 1g . . . . . 1h $

1i Subtract line 1h from line 1e. If less than zero, enter it in parentheses. This is the **Adjusted Annual Payment Amount** . . . . . 1i $

If the payee **HAS NOT** submitted a Form W-4P for 2022 or later, figure the Adjusted Annual Payment Amount as follows.

1j Enter the number of allowances claimed on the payee's most recent Form W-4P 1j

1k Multiply line 1j by $4,300 . . . . . 1k $

1l Subtract line 1k from line 1c. (If zero or less, enter -0-.) This is the **Adjusted Annual Payment Amount** . . . . . 1l $

Step 2. Figure the Tentative Annual Withholding Amount

based on the payee's Adjusted Annual Payment Amount and filing status (Step 1(c) of the 2022 or later Form W-4P) or marital status (line 2 of the 2021 or earlier Form W-4P).

If the payee **HAS** submitted a Form W-4P for 2022 or later **AND** Step 2(b)(iii) of Form W-4P contains **a non-zero** amount, complete Parts I, II, and III of Step 2. Otherwise, complete Parts I and III only.

Part I: If the payee **HAS** submitted a Form W-4P for 2022 or later **AND** Step 2(b)(iii) of Form W-4P contains **a non-zero** amount, complete lines 2a–2c and then go to line 2e. Otherwise, begin on line 2d.

2a Enter the amount from Step 2(b)(iii) of Form W-4P . . . . . 2a $

2b Enter $12,900 if the taxpayer is married filing jointly or $8,600 otherwise . . . . . 2b $

2c Subtract line 2b from line 2a. (If the result is zero or less, enter -0-.) Then skip to line 2e . . . . . 2c $

OR

2d If lines 2a–2c don't apply: Enter the payee's **Adjusted Annual Payment Amount** from line 1i or 1l, **but not less than zero** . . . . . 2d $

2e Using the amount on line 2c or line 2d (whichever is not missing), find the row in the STANDARD Withholding Rate Schedules of the **Annual** Percentage Method table in which the amount on line 2c or line 2d (whichever is not missing) is at least the amount in column A but less than the amount in column B, and then enter here the amount from column A of that row . . . . . 2e $

2f Enter the amount from column C of that row . . . . . 2f $

2g Enter the percentage from column D of that row . . . . . 2g %

2h Subtract line 2e from line 2c **or** line 2d (whichever is not missing) . . . . . 2h $

2i Multiply the amount on line 2h by the percentage on line 2g . . . . . 2i $

2j Add lines 2f and 2i . . . . . 2j $

Part II (Complete Part II if there is an amount on line 2a above. Skip Part II if there is an amount on line 2d above.)

2k Enter the amount from Step 2(b)(iii) of the payee's Form W-4P, even if negative . . . . . 2k $

2l Enter the payee's **Adjusted Annual Payment Amount** from line 1i above, even if negative . . . . . 2l $

2m Add lines 2k and 2l. If the result is zero or less, enter -0- . . . . . 2m $

2n Find the row in the appropriate STANDARD Withholding Rate Schedules of the **Annual** Percentage Method table in which the amount on line 2m is at least the amount in column A but less than the amount in column B, and then enter here the amount from column A of that row . . . . . 2n $

2o Enter the amount from column C of that row . . . . . 2o $

2p Enter the percentage from column D of that row . . . . . 2p %

2q Subtract line 2n from line 2m . . . . . 2q $

2r Multiply the amount on line 2q by the percentage on line 2p . . . . . 2r $

2s Add lines 2o and 2r . . . . . 2s $

2t Subtract line 2j from line 2s. If zero or less, enter -0- . . . . . 2t $

Part III: For ALL payees, identify the Tentative Annual Withholding Amount as follows.

2u If there is a non-zero amount in Step 2(b)(iii) of the payee's 2022 or later Form W-4P, enter the amount from line 2t. Otherwise, enter the amount from line 2j . . . . . 2u $

Step 3. Account for tax credits

3a If the payee has submitted a Form W-4P for 2022 or later, enter the amount from Step 3 of that form; otherwise, enter -0- . . . . . 3a $

3b Subtract line 3a from line 2u. If zero or less, enter -0- . . . . . 3b $

Step 4. Figure the final amount to withhold

4a Divide the amount on line 3b by the number of payment periods from line 1b . . . . . 4a $

4b Enter the additional amount to withhold from the payee's Form W-4P (Step 4(c) of the 2022 or later Form W-4P, or line 3 of the 2021 or earlier Form W-4P) . . . . . 4b $

4c Add lines 4a and 4b. **This is the amount to withhold from the payee's payment this payment period** . . . . . 4c $

2. Wage Bracket Method Tables for Manual Payroll Systems With Forms W-4 From 2020 or Later

If you compute payroll manually, your employee has submitted a Form W-4 for 2020 or later, and you prefer to use the Wage Bracket Method, use the worksheet below and the Wage Bracket Method tables that follow to figure federal income tax withholding.

These Wage Bracket Method tables cover a limited amount of annual wages (generally, less than $100,000). If you can't use the Wage Bracket Method tables because taxable wages exceed the amount from the last bracket of the table (based on filing status and pay period), use the Percentage Method tables in section 4.

Worksheet 2. Employer's Withholding Worksheet for Wage Bracket Method Tables for Manual Payroll Systems With Forms W-4 From 2020 or Later

Keep for Your Records

Table 5

Monthly	Semimonthly	Biweekly	Weekly	Daily
12	24	26	52	260

Step 1. Adjust the employee's wage amount

1a Enter the employee's total taxable wages this payroll period . . . . . 1a $ _____

1b Enter the number of pay periods you have per year (see Table 5) . . . . . 1b _____

1c Enter the amount from Step 4(a) of the employee's Form W-4 . . . . . 1c $ _____

1d Divide the amount on line 1c by the number of pay periods on line 1b . . . . . 1d $ _____

1e Add lines 1a and 1d . . . . . 1e $ _____

1f Enter the amount from Step 4(b) of the employee's Form W-4 . . . . . 1f $ _____

1g Divide the amount on line 1f by the number of pay periods on line 1b . . . . . 1g $ _____

1h Subtract line 1g from line 1e. If zero or less, enter -0-. This is the **Adjusted Wage Amount** . . . . . 1h $ _____

Step 2. Figure the Tentative Withholding Amount

2a Use the amount on line 1h to find the tentative amount to withhold in the appropriate Wage Bracket Method table in this section for your pay frequency, given the employee's filing status and whether the employee has checked the box in Step 2 of Form W-4. This is the **Tentative Withholding Amount** . . . . . 2a $ _____

Step 3. Account for tax credits

3a Enter the amount from Step 3 of the employee's Form W-4 . . . . . 3a $ _____

3b Divide the amount on line 3a by the number of pay periods on line 1b . . . . . 3b $ _____

3c Subtract line 3b from line 2a. If zero or less, enter -0- . . . . . 3c $ _____

Step 4. Figure the final amount to withhold

4a Enter the additional amount to withhold from Step 4(c) of the employee's Form W-4 . . . . . 4a $ _____

4b Add lines 3c and 4a. **This is the amount to withhold from the employee's wages this pay period** . . . . . 4b $ _____

3. Wage Bracket Method Tables for Manual Payroll Systems With Forms W-4 From 2019 or Earlier

If you compute payroll manually and your employee **has not** submitted a Form W-4 for 2020 or later, use the worksheet below and the Wage Bracket Method tables that follow to figure federal income tax withholding.

These Wage Bracket Method tables cover a limited amount of annual wages (generally, less than $100,000) and up to 10 allowances. If you can't use the Wage Bracket Method tables because taxable wages exceed the amount from the last bracket of the table (based on marital status and pay period) or the employee claimed more than 10 allowances, use the Percentage Method tables in section 5.

Periodic payments of pensions or annuities with a 2021 or earlier Form W-4P. In lieu of Worksheet 1B and the Percentage Method tables in section 1, you may use Worksheet 3 and the Wage Bracket Method tables in this section to figure federal income tax withholding on periodic payments of pensions or annuities with a 2021 or earlier Form W-4P. As an alternative, if you prefer to use the Percentage Method of withholding, you may use Worksheet 5 and the Percentage Method tables in section 5 to figure federal income tax withholding on periodic payments of pensions or annuities with a 2021 or earlier Form W-4P.

Worksheet 3. Employer's Withholding Worksheet for Wage Bracket Method Tables for Manual Payroll Systems With Forms W-4 From 2019 or Earlier

Keep for Your Records

Step 1. Figure the Tentative Withholding Amount

1a Enter the employee's total taxable wages this payroll period . . . . . 1a $ _____

1b Use the amount on line 1a to find the tentative amount to withhold in the appropriate Wage Bracket Method table in this section for your pay frequency, given the employee's marital status (line 3 of Form W-4) and number of allowances claimed. This is the **Tentative Withholding Amount** . . . . . 1b $ _____

Step 2. Figure the final amount to withhold

2a Enter the additional amount to withhold from line 6 of the employee's Form W-4 . . . . . 2a $ _____

2b Add lines 1b and 2a. **This is the amount to withhold from the employee's wages this pay period** . . . . . 2b $ _____

4. Percentage Method Tables for Manual Payroll Systems With Forms W-4 From 2020 or Later

If you compute payroll manually, your employee has submitted a Form W-4 for 2020 or later, and you prefer to use the Percentage Method or can't use the Wage Bracket Method tables because the employee's annual wages exceed the amount from the last bracket of the table (based on marital status and pay period), use the worksheet below and the Percentage Method tables that follow to figure federal income tax withholding. This method works for any amount of wages.

Worksheet 4. Employer's Withholding Worksheet for Percentage Method Tables for Manual Payroll Systems With Forms W-4 From 2020 or Later

Keep for Your Records

Table 6

Monthly	Semimonthly	Biweekly	Weekly	Daily
12	24	26	52	260

Step 1. Adjust the employee's wage amount

1a	Enter the employee's total taxable wages this payroll period	1a	$
1b	Enter the number of pay periods you have per year (see Table 6)	1b	
1c	Enter the amount from Step 4(a) of the employee's Form W-4	1c	$
1d	Divide line 1c by the number on line 1b	1d	$
1e	Add lines 1a and 1d	1e	$
1f	Enter the amount from Step 4(b) of the employee's Form W-4	1f	$
1g	Divide line 1f by the number on line 1b	1g	$
1h	Subtract line 1g from line 1e. If zero or less, enter -0-. This is the **Adjusted Wage Amount**	1h	$

Step 2. Figure the Tentative Withholding Amount

based on your pay frequency, the employee's Adjusted Wage Amount, filing status (Step 1(c) of Form W-4), and whether the box in Step 2 of Form W-4 is checked.

2a	Find the row in the STANDARD Withholding Rate Schedules (if the box in Step 2 of Form W-4 is NOT checked) or the Form W-4, Step 2, Checkbox, Withholding Rate Schedules (if it HAS been checked) of the Percentage Method tables in this section in which the amount on line 1h is at least the amount in column A but less than the amount in column B, and then enter here the amount from column A of that row	2a	$
2b	Enter the amount from column C of that row	2b	$
2c	Enter the percentage from column D of that row	2c	%
2d	Subtract line 2a from line 1h	2d	$
2e	Multiply the amount on line 2d by the percentage on line 2c	2e	$
2f	Add lines 2b and 2e. This is the **Tentative Withholding Amount**	2f	$

Step 3. Account for tax credits

3a	Enter the amount from Step 3 of the employee's Form W-4	3a	$
3b	Divide the amount on line 3a by the number of pay periods on line 1b	3b	$
3c	Subtract line 3b from line 2f. If zero or less, enter -0-	3c	$

Step 4. Figure the final amount to withhold

4a	Enter the additional amount to withhold from Step 4(c) of the employee's Form W-4	4a	$
4b	Add lines 3c and 4a. **This is the amount to withhold from the employee's wages this pay period**	4b	$

5. Percentage Method Tables for Manual Payroll Systems With Forms W-4 From 2019 or Earlier

If you compute payroll manually and your employee **has not** submitted a Form W-4 for 2020 or later, and you prefer to use the Percentage Method or can't use the Wage Bracket Method tables because the employee's annual wages exceed the amount from the last bracket of the table (based on marital status and pay period) or the employee claimed more than 10 allowances, use the worksheet below and the Percentage Method tables that follow to figure federal income tax withholding. This method works for any number of withholding allowances claimed and any amount of wages.

Periodic payments of pensions or annuities with a 2021 or earlier Form W-4P. In lieu of Worksheet 1B and the Percentage Method tables in section 1, you may use Worksheet 5 and the Percentage Method tables in this section to figure federal income tax withholding on periodic payments of pensions or annuities with a 2021 or earlier Form W-4P. As an alternative, if you prefer to use the Wage Bracket Method of withholding, you may use Worksheet 3 and the Wage Bracket Method tables in section 3 to figure federal income tax withholding on periodic payments of pensions or annuities with a 2021 or earlier Form W-4P.

Worksheet 5. Employer's Withholding Worksheet for Percentage Method Tables for Manual Payroll Systems With Forms W-4 From 2019 or Earlier

Table 7

Annually	Semiannually	Quarterly	Monthly	Semimonthly	Biweekly	Weekly	Daily
$4,300	$2,150	$1,075	$358	$179	$165	$83	$17

Step 1. Adjust the employee's wage amount

1a Enter the employee's total taxable wages this payroll period . . . . . 1a $ _____

1b Enter the number of allowances claimed on the employee's most recent Form W-4 . . . . . 1b _____

1c Multiply line 1b by the amount in Table 7 for your pay frequency . . . . . 1c $ _____

1d Subtract line 1c from line 1a. If zero or less, enter -0-. This is the **Adjusted Wage Amount** . . . . . 1d $ _____

Step 2. Figure the Tentative Withholding Amount

based on your pay frequency, the employee's Adjusted Wage Amount, and marital status (line 3 of Form W-4).

2a Find the row in the Percentage Method table in this section in which the amount on line 1d is at least the amount in column A but less than the amount in column B, and then enter here the amount from column A of that row . . . . . 2a $ _____

2b Enter the amount from column C of that row . . . . . 2b $ _____

2c Enter the percentage from column D of that row . . . . . 2c _____ %

2d Subtract line 2a from line 1d . . . . . 2d $ _____

2e Multiply the amount on line 2d by the percentage on line 2c . . . . . 2e $ _____

2f Add lines 2b and 2e. This is the **Tentative Withholding Amount** . . . . . 2f $ _____

Step 3. Figure the final amount to withhold

3a Enter the additional amount to withhold from line 6 of the employee's Form W-4 . . . . . 3a $ _____

3b Add lines 2f and 3a. **This is the amount to withhold from the employee's wages this pay period** . . . . . 3b $ _____

6. Alternative Methods for Figuring Withholding

You may use various methods for figuring federal income tax withholding. The methods described next may be used instead of the Percentage Method and Wage Bracket Method discussed earlier in this publication. Use the method that best suits your payroll system and employees.

Caution: Employers must use a modified procedure to figure the amount of federal income tax withholding on the wages of nonresident alien employees. Before you use any of the alternative methods to figure the federal income tax withholding on the wages of nonresident alien employees, see *Withholding Adjustment for Nonresident Alien Employees*, earlier.

Annualized wages. The Percentage Method Tables for Automated Payroll Systems in section 1 and Worksheet 1A allow you to figure federal income tax withholding based on annualized wages.

Average estimated wages. You may withhold the tax for a payroll period based on estimated average wages, with necessary adjustments, for any quarter. For details, see Regulations section 31.3402(h)(1)-1.

Cumulative wages. An employee may ask you, in writing, to withhold tax on cumulative wages. If you agree, and you've paid the employee for the same kind of payroll period (weekly, biweekly, etc.) since the beginning of the year, you may figure the tax as follows.

Add the wages you've paid the employee for the current calendar year to the current payroll period amount. Divide this amount by the number of payroll periods so far this year, including the current period. Figure the withholding on this amount, and multiply the withholding by the number of payroll periods so far this year, including the current period. Subtract the total tax already deducted and withheld during the calendar year from the total amount of tax calculated. The excess is the amount to withhold for the current payroll period. See Revenue Procedure 78-8, 1978-1 C.B. 562, for an example of the cumulative method.

Part-year employment. A part-year employee who figures income tax on a calendar-year basis may ask you to withhold tax by the part-year employment method. The request must be in writing, must be under penalties of perjury, and must contain the following information.

- The last day of any employment during the calendar year with any prior employer.
- A statement that the employee uses the calendar-year accounting period.
- A statement that the employee reasonably anticipates that they will be employed by all employers for a total of no more than 245 days in all terms of continuous employment (defined below in this section) during the current calendar year.

Complete the following steps to figure withholding tax by the part-year method.

1. Add the wages to be paid to the employee for the current payroll period to any wages that you've already paid to the employee in the current term of continuous employment. See the definition for "term of continuous employment," later.
2. Add the number of payroll periods used in step 1 to the number of payroll periods between the employee's last employment and current employment. To find the number of periods between the last employment and current employment, divide the number of calendar days between the employee's last day of earlier employment (or the previous December 31, if later) and the first day of current employment by the number of calendar days in the current payroll period.
3. Divide the step 1 amount by the total number of payroll periods from step 2.
4. Find the tax in the withholding tax tables on the step 3 amount. Be sure to use the correct payroll period table and to take into account the employee's withholding allowances if their Form W-4 is from 2019 or earlier, or take into account other information provided on the employee's 2020 or later Form W-4.
5. Multiply the total number of payroll periods from step 2 by the step 4 amount.
6. Subtract from the step 5 amount the total tax already withheld during the current term of continuous employment. Any excess is the amount to withhold for the current payroll period.

See Regulations section 31.3402(h)(4)-1(b) for more information about the part-year method.

Term of continuous employment. A term of continuous employment may be a single term or two or more following terms of employment with the same employer. A term of continuous employment includes holidays, regular days off, and days off for illness or vacation. A term of continuous employment begins on the first day that an employee works for you and earns pay. It ends on the earlier of the employee's last day of work for you or, if the employee performs no services for you for more than 30 calendar days, the last workday before the 30-day period. If an employment relationship is ended, the term of continuous employment is ended even if a new employment relationship is established with the same employer within 30 days.

Other methods. You may use other methods and tables for withholding taxes, as long as the amount of tax withheld is consistently about the same as it would be under the Percentage Method, as discussed in section 1. If you develop an alternative method or table, you should test the full range of wage and allowance situations to be sure that they meet the tolerances contained in Regulations section 31.3402(h)(4)-1(a) as shown in the table next.

7. Tables for Withholding on Distributions of Indian Gaming Profits to Tribal Members

If you make certain payments to members of Indian tribes from gaming profits, you must withhold federal income tax. You must withhold if (a) the total payment to a member for the year is over $16,600, and (b) the payment is from the net revenues of class II or class III gaming activities (classified by the Indian Gaming Regulatory Act) conducted or licensed by the tribes.

A class I gaming activity isn't subject to this withholding requirement. Class I activities are social games solely for prizes of minimal value or traditional forms of Indian gaming engaged in as part of tribal ceremonies or celebrations.

Class II. Class II includes (a) bingo and similar games, such as pull tabs, punch boards, tip jars, lotto, and instant bingo; and (b) card games that are authorized by the state or that aren't explicitly prohibited by the state and played at a location within the state.

Class III. A class lll gaming activity is any gaming that isn't class I or class ll. Class lll includes horse racing, dog racing, jai alai, casino gaming, and slot machines.

Withholding Tables

To figure the amount of tax to withhold each time you make a payment, use the table on the next page for the period for which you make payments. For example, if you make payments weekly, use Table 1; if you make payments monthly, use Table 4. If the total payments to an individual for the year are $16,600 or less, no withholding is required.

Example. A tribal member is paid monthly. The monthly payment is $6,000. Use Table 4, Monthly Distribution Period, to figure the withholding. Subtract $5,719 from the $6,000 payment for a remainder of $281. Multiply this amount by 22% for a total of $61.82. Add $498.93 for a total withholding of $560.75.

Depositing and reporting withholding. Combine the Indian gaming withholding with all other nonpayroll withholding (for example, backup withholding and withholding on gambling winnings). Generally, you must deposit the amounts withheld using electronic funds transfer. See *Depositing Taxes* in Pub. 15 for a detailed discussion of the deposit requirements.

Report Indian gaming withholding on Form 945, Annual Return of Withheld Federal Income Tax. Also report the payments and withholding to tribal members and to the IRS on Form 1099-MISC, Miscellaneous Information.

How To Get Tax Help

If you have questions about a tax issue; need help preparing your tax return; or want to view, download, or print forms, instructions, and publications you may need, go to *IRS.gov* to find resources that can help you right away. Or you can go to *IRS.gov/OrderForms* to place an order.

Free File Program. Go to *IRS.gov/FFPubs* to see if you qualify for no-cost online federal tax preparation, e-filing, and direct deposit or payment options.

Online account. Go to *IRS.gov/Account* to create an Individual, Business, or Tax Pro Account. Individual and Business Tax Accounts allow you to securely access information about your federal tax account. A Tax Pro Account allows tax professionals to securely request and manage authorizations and access taxpayer information. Depending on the type of account, you can:

- View the amount you owe and a breakdown by tax year.
- See payment plan details or apply for a new payment plan.

- Make a payment or view 5 years of payment history and any pending or scheduled payments.
- Access your tax records, including key data from your most recent tax return, and transcripts.
- View digital copies of select notices from the IRS.
- Approve or reject authorization requests from tax professionals.

IRS app. Use the IRS app to securely access selected tax information and routine services from your phone. Learn about the IRS app at *IRS.gov/App*.

Electronic payments and direct deposit. If you have access to U.S. banking services or electronic payment systems, you should use direct deposit for any refunds. The IRS recommends paying electronically whenever possible. Options to pay electronically include using your bank account with *IRS.gov/DirectPay*, your debit card or credit card, your digital wallet, or your online account. Go to *IRS.gov/Payments* to see all your payment options. Also see *IRS.gov/ModernPayments*.

If you don't have a bank account, go to *IRS.gov/DirectDeposit* for more information on where to find a bank or credit union that can open an account online.

Tax law changes. Legislation affecting federal taxes, credits, and deductions was enacted in P.L. 119-21 on July 4, 2025. Go to *IRS.gov/OBBB* for more information and updates on how this legislation affects your taxes.

Preparing and filing your tax return. After receiving all your wage and earnings statements (Forms W-2, W-2G, 1099-R, 1099-MISC, 1099-NEC, etc.); unemployment compensation statements (by mail or in a digital format) or other government payment statements (Form 1099-G); and interest, dividend, and retirement statements from banks and investment firms (Forms 1099), you have several options to choose from to prepare and file your tax return. You can prepare the tax return yourself, see if you qualify for free tax preparation, or hire a tax professional to prepare your return.

Other free options for tax preparation. In addition to the Free File Program, you have other options for preparing and filing your return online or in your local community, if you qualify, including the following.

- **VITA.** The Volunteer Income Tax Assistance (VITA) program offers free tax help to people with low-to-moderate incomes, persons with disabilities, and limited-English-speaking taxpayers who need help preparing their own tax returns. Go to *IRS.gov/VITA*, download the free IRS app, or call 800-906-9887 for information on free tax return preparation.
- **TCE.** The Tax Counseling for the Elderly (TCE) program offers free tax help for all taxpayers, particularly those who are 60 years of age and older. TCE volunteers specialize in answering questions about pensions and retirement-related issues unique to seniors. Go to *IRS.gov/TCE* or download the free IRS app for information on free tax return preparation.
- **MilTax.** Members of the U.S. Armed Forces and qualified veterans may use MilTax, a free tax service offered by the Department of Defense through Military OneSource. For more information, go to *MilitaryOneSource* (*MilitaryOneSource.mil/MilTax*).
- **Free File Fillable Forms.** The IRS offers Free File Fillable Forms for you to prepare and *e-file* your current-year federal tax return at no cost using online IRS forms. This option is for people who are comfortable preparing their own return using IRS forms and instructions, regardless of income.

Using online tools to help prepare your return. Go to *IRS.gov/Tools* for the following.

- The *Earned Income Tax Credit Assistant* (*IRS.gov/EITCAssistant*) determines if you're eligible for the earned income tax credit (EITC).
- The *Online EIN Application* (*IRS.gov/EIN*) helps you get an employer identification number (EIN) at no cost.
- The *Tax Withholding Estimator* (*IRS.gov/W4App*) makes it easier for you to estimate the federal income tax you want your employer to withhold from your paycheck. See how your withholding affects your refund, take-home pay, or tax due.
- The *Sales Tax Deduction Calculator* (*IRS.gov/SalesTax*) figures the amount you can claim if you itemize deductions on Schedule A (Form 1040).
- Getting answers to your tax questions. On IRS.gov, you can get up-to-date information on current events and changes in tax law.
- *IRS.gov/LetUsHelp*: A variety of tools to help you get answers to some of the most common tax questions.
- *IRS.gov/ITA*: The Interactive Tax Assistant, a tool that will ask you questions and, based on your input, provide answers on a number of tax topics.
- *IRS.gov/Forms*: Find forms, instructions, and publications. You will find details on the most recent tax changes and interactive links to help you find answers to your questions.
- You may also be able to access tax information in your e-filing software.

Need someone to prepare your tax return? There are various types of tax return preparers, including enrolled agents, certified public accountants (CPAs), accountants, and many others who don't have professional credentials. If you choose to have someone prepare your tax return, choose that preparer wisely. A paid tax preparer is:

- Primarily responsible for the overall substantive accuracy of your return,
- Required to sign the return, and

DRAFT
DRAFT

- Required to include their preparer tax identification number (PTIN).

Caution: Although the tax preparer always signs the return, you're ultimately responsible for providing all the information required for the preparer to accurately prepare your return and for the accuracy of every item reported on the return. Anyone paid to prepare tax returns for others should have a thorough understanding of tax matters. For more information on how to choose a tax preparer, go to *Tips for Choosing a Tax Preparer* on IRS.gov.

Employers can register to use Business Services Online. The SSA offers online service at *SSA.gov/employer* for fast, free, and secure W-2 filing options to CPAs, accountants, enrolled agents, and individuals who process Form W-2, Wage and Tax Statement; and Form W-2c, Corrected Wage and Tax Statement.

IRS social media. Go to *IRS.gov/SocialMedia* to see the various social media tools the IRS uses to share the latest information on tax changes, scam alerts, initiatives, products, and services. At the IRS, privacy and security are our highest priority. We use these tools to share public information with you. **Don't** post your social security number (SSN) or other confidential information on social media sites. Always protect your identity when using any social networking site. The *IRS.gov/DirtyDozen* lists a variety of common scams that taxpayers may encounter anytime, but many of these schemes peak during filing season as people prepare their returns or hire someone to help with their taxes. Don't fall prey.

The following IRS YouTube channels provide short, informative videos on various tax-related topics in English and ASL.

- *Youtube.com/irsvideos*.
- *Youtube.com/irsvideosASL*.

Over-the-Phone Interpreter (OPI) Service. The IRS offers the OPI Service to taxpayers needing language interpretation. The OPI Service is available at Taxpayer Assistance Centers (TACs), most IRS offices, and every VITA/TCE tax return site. This service is available in Spanish, Mandarin, Cantonese, Korean, Vietnamese, Russian, and Haitian Creole.

Accessibility Helpline available for taxpayers with disabilities. Taxpayers who need information about accessibility services can call 833-690-0598. The Accessibility Helpline can answer questions related to current and future accessibility products and services available in alternative media formats (for example, braille-ready, large print, audio, etc.). The Accessibility Helpline does not have access to your IRS account. For help with tax law, refunds, or account-related issues, go to *IRS.gov/LetUsHelp*.

Alternative media preference. Form 9000, Alternative Media Preference, or Form 9000(SP) allows you to elect to receive certain types of written correspondence in the following formats.

- Standard Print.
- Large Print.
- Braille.
- Audio (MP3).
- Plain Text File (TXT).
- Braille-Ready File (BRF).

Schedule LEP. You can use Schedule LEP (Form 1040), Request for Change in Language Preference, to state a preference to receive notices, letters, or other written communications from the IRS in an alternative language. You may not immediately receive written communications in the requested language. You will continue to receive communications, including notices and letters, in English until they are translated to your preferred language.

Disasters. Go to *IRS.gov/DisasterRelief* to review the available disaster tax relief.

Mobile-friendly forms. You'll need an IRS Online Account to complete mobile-friendly forms that require signatures. You'll have the option to submit your form(s) online or download a copy for your records. Go to *IRS.gov/MobileFriendlyForms* for more information.

Getting tax publications and instructions in eBook format. Download and view most tax publications and instructions (including the Instructions for Form 1040) on mobile devices as eBooks at *IRS.gov/eBooks*.

IRS eBooks have been tested using Apple's iBooks for iPad. Our eBooks haven't been tested on other dedicated eBook readers, and eBook functionality may not operate as intended.

Get your tax records and transcripts. Go to *IRS.gov/Transcripts* to see how you can access your personal tax records online or by mail, including transcripts of past tax returns, tax account information, wage and income statements, and verification of non-filing letters.

Reporting and resolving your tax-related identity theft issues.

- Tax-related identity theft happens when someone steals your personal information to commit tax fraud. Your taxes can be affected if your SSN is used to file a fraudulent return or to claim a refund or credit.
- The IRS doesn't initiate contact with taxpayers by email, text messages (including shortened links), telephone calls, or social media channels to request or verify personal or financial information. This includes requests for personal identification numbers (PINs), passwords, or similar information for credit cards, banks, or other financial accounts.
- Go to *IRS.gov/IdentityTheft*, the IRS Identity Theft Central webpage, for information on identity theft and data security protection for taxpayers, tax professionals, and businesses. If your SSN has been

DRAFT
DRAFT

lost or stolen or you suspect you're a victim of tax-related identity theft, you can learn what steps you should take.

- Get an Identity Protection PIN (IP PIN). IP PINs are 6-digit numbers assigned to taxpayers to help prevent the misuse of their SSNs on fraudulent federal income tax returns. When you have an IP PIN, it prevents someone else from filing a tax return with your SSN. To learn more, go to *IRS.gov/IPPIN*.

Ways to check on the status of your refund.

- Go to *IRS.gov/Refunds*.
- Go to the IRS app to check your refund status.
- Call the automated refund hotline at 800-829-1954.

Caution: The IRS can't issue refunds before mid-February for returns that claimed the EITC or the additional child tax credit (ACTC). This applies to the entire refund, not just the portion associated with these credits.

What if I can't pay now? Go to *IRS.gov/Payments* for more information about your options.

- Go to *IRS.gov/TaxDebtHelp* for information on how to resolve your debt and manage your account.
- Apply for an *online payment agreement* (*IRS.gov/OPA*) to meet your tax obligation in monthly installments if you can't pay your taxes in full today. Once you complete the online process, you will receive immediate notification of whether your agreement has been approved.
- Use the *Offer in Compromise Pre-Qualifier* to see if you can settle your tax debt for less than the full amount you owe. For more information on the Offer in Compromise program, go to *IRS.gov/OIC*.

Filing an amended return. Go to *IRS.gov/1040X* for information and updates.

Checking the status of your amended return. Go to *IRS.gov/WMAR* to track the status of Form 1040-X amended returns.

Caution: It can take up to 3 weeks from the date you filed your amended return for it to show up in our system, and processing it can take up to 16 weeks.

Understanding an IRS notice or letter you've received. Go to *IRS.gov/Notices* to find additional information about responding to an IRS notice or letter.

IRS Document Upload Tool. You may be able to use the Document Upload Tool to respond digitally to eligible IRS notices and letters by securely uploading required documents online through IRS.gov. For more information, go to *IRS.gov/DUT*.

Contacting your local TAC. Keep in mind, many questions can be answered on IRS.gov without visiting a TAC. Go to *IRS.gov/LetUsHelp* for the topics people ask about most. If you still need help, TACs provide tax help when a tax issue can't be handled online or by phone. All TACs now provide service by appointment, so you'll know in advance that you can get the service you need without long wait times. Before you visit, go to *IRS.gov/TAC* to find the nearest TAC and to check hours, available services, and appointment options. Or on the IRS app, click on the "More" tab, and under the Contact Us option, click on "Local IRS offices."

Below is a message to you from the Taxpayer Advocate Service, an independent organization established by Congress.

The Taxpayer Advocate Service (TAS) Is Here To Help You

What Is the Taxpayer Advocate Service?

The Taxpayer Advocate Service (TAS) is an ***independent*** organization within the Internal Revenue Service (IRS). TAS helps taxpayers resolve problems with the IRS, makes administrative and legislative recommendations to prevent or correct the problems, and protects taxpayer rights. We work to ensure that every taxpayer is treated fairly and that you know and understand your rights under the Taxpayer Bill of Rights. We are Your Voice at the IRS.

How Can TAS Help Me?

TAS can help you resolve problems that you haven't been able to resolve with the IRS on your own. Always try to resolve your problem with the IRS first, but if you can't, then come to TAS. ***Our services are free***.

- TAS helps all taxpayers (and their representatives), including individuals, businesses, and exempt organizations. You may be eligible for TAS help if your IRS problem is causing financial difficulty, if you've tried and been unable to resolve your issue with the IRS, or if you believe an IRS system, process, or procedure just isn't working as it should.
- To get help any time with general tax topics, visit *www.TaxpayerAdvocate.IRS.gov*. The site can help you with common tax issues and situations, such as what to do if you make a mistake on your return or if you get a notice from the IRS.
- TAS works to resolve large-scale (systemic) problems that affect many taxpayers. You can report systemic issues at *www.IRS.gov/SystemicIssue*. (Be sure not to include any personal identifiable information.)

How Do I Contact TAS?

TAS has offices in every state, the District of Columbia, and Puerto Rico. To find your local advocate's number:

- Go to *www.TaxpayerAdvocate.IRS.gov/Contact-Us*,
- Check your local directory, or
- Call TAS toll free at 877-777-4778.

What Are My Rights as a Taxpayer?

The Taxpayer Bill of Rights describes ten basic rights that all taxpayers have when dealing with the IRS. Go to *www.TaxpayerAdvocate.IRS.gov/Taxpayer-Rights* for more information about the rights, what they mean to you, and how they apply to specific situations you may encounter with the IRS. TAS strives to protect taxpayer rights and ensure the IRS is administering the tax law in a fair and equitable way.
